Since Easter comes on April 1, the weather man has informed us that we may expect pleasant weather to display Spring bonnets but we must be warned of pranks that day

Fair tonight; colder. Cold wave in east and central portions; freezing. Saturday fair.

ANOTHER MURDER STORY WOVEN IN GOTHAM HISTORY

Wealthy Contractor Shot to Death by Young Girl in Office.

TAKES OWN LIFE

Believed Girl Ignorant of Married Life of New Yorker.

(By the Associated Press)

NEW YORK, March 30.—Fred W. Burnham, 44, contractor, socially, financially and professionally prominent, died today from the effects of a pistol bullet fired by Miss Helen Ziegler, 26, daughter of a well-to-do Riverside Drive family, who killed herself after wounding Burnham in his office yesterday. The tragedy is believed to have followed the discovery after a 10-year friendship with Burnham that he was married.

She called at Ziegler's office yesterday but he was too busy to see her. She returned two hours later and gained access to the office while her friend who accompanied her, Miss Ida Murphy, waited outside.

Miss Ziegler was inside 15 minutes when H. S. Coxe, the employe who had admitted her heard two shots. Miss Murphy ran away and disapepared .Coxe summoned W. E. Amos of Yonkers, one of Burnham's associates who had left the office a short time before. They found Miss Ziegler dead, a pistol wound n her right temle. Burnham was shot in the right temple, but still breathed. He died at Bellvue hospital at one o'clock this morning without having regained consciousness.

Mrs. Burnham, who is a civic leader at Dobbs Ferry where she and her husband lived on their estate, Riverview Manor, and is an active member of the Christian Science church, and the girl's parents weer notfied. The story of the tragedy was related by acquaintances of both parties.

ISSUES IN FOSTER CASE CENTERED NOW

(By the Associated Press)

ST. JOSPEH, Mich., March 30.—Issues in the trial of William Z. Foster charged with violating the Michigan law against criminal syndicalism today appeared to have narrowed down to the single charge against him that he 'assembled with an organization which advocated the use of force and violence to accomplish government reform."

The admission by Foster who took the stand in his own defense yesterday that he attended the communist party convention in the dunes near Bridges is regarded as eliminating the other accusations against him.

Under the Michigan statutes it is not even necessary for the prosecution to prove that Foster was a member of the communist party.

Mitchell's Attorney Claims no Cause of Worry of Blackmail

(By the Associated Press)

NEW YORK, March 30.—J. K. Mitchell of Philadelphia was never worried about being blackmailed for letters written to Dorothy Keenan, his attorney said today. Allcott, the attorney, made this assertion in a statement issued to newspapermen after he had been closeted for some time with District Attorney Blanton. His statement followed announcement by the police that letters left in Miss Keenan's safe deposit box showed that while showing that she had many admirers, there was none that would have afforded ground for blackmail.

Old Agreement of Japan and States Replaced by New

(By the Associated Press)

WASHINGTON, March 30.—The celebrated Lansing-Ishit agreement by which the United States in 1917 recognized Japan's paramount interest in certain quarters of China, has been cancelled by mutual agreement of the two governments.

Diplomatic negotiations between the two governments resulted in a new understanding based on the "nine power" pact outlined by the Washington armament conference, and regarded as applying "more effectually the principles upon which it was applicable to China.

Husband Shoots Wife's Admirer In Joliet Real Estate Office

JOLIET, Il., March 28.—Cecil C. Hopkins, in a hospital here with assorted bullet wounds, may die.

John McCarthy in a jail here, probably will go to trial for his life, if he does.

'Twas another polly love triangle, according to police, that is until McCarthy decided upon other methods than those of a divorce court to "square it."

Mrs. McCarthy, possessed of considerable youthful charm in the event of a trial, may either be the state's or her husband's chief witness, according to her leanings when she's called upon to testify.

For she witnessed the shooting and, according to police, was the cause of it.

Mrs. McCarthy is said to have been friendly with young Hopkins, son of a wealthy realty operator here. Some might even say "indiscreet."

At least her husband thought so. And he decided to investigate. He trailed his wife. The things followed quickly.

According to McCarthy, she met Hopkins. The irate husband bided his time and followed the pair. Finally they entered the offices of the Hopkins company. McCarthy followed at a distance.

He entered.

They weren't in any of the outer offices. So McCarthy just naturally broke into the inner and more private section. There, he says, he found his wife and young Hopkins.

A fusilade of shots interrupted their tete-a-tete. When the smoke cleared away Hopkins was taken to the hospital and McCarthy to jail.

Mrs. John McCarthy and her husband, held in triangle shooting.

CONLEY READY FOR BEST OF COUNTRY

Fighter Goes Into Training Here for Match With Johnny Karr.

Billy Conley, Pacific coast champion, will start training here for his bout with Johnny Karr at Lincoln, Nebraska, in April, according to his announcement.

Conley declares that his match with Karr will determine his claim on world championship honors in the middleweight class, since Karr is at present recognized as one of the claimants for the crown honors.

Conley points out that Karr's victory over Malone, who recently beat Mike O'Dowd in Minneapolis, placed Karr as one of the strong contenders for the crown.

Conley, who has been training here with Arche Cooper, local fighter, is showing all the stuff of a champion. In several exhibitins he has proven himself complete master of the ring.

Conley has fought many battles in the state and has never tasted a dangerous scrap in all of his engagements. Conley fought an exhibition bout with Jess Willard, former world heavy weight champion, and according to press reports showed several points of interest unknown to the former title-holder.

A. R. Dixon, local fight promoter who has kept in touch with Conley since he came here, declares that the young contender is the best he has ever seen in the ring and that he possesses all the signs of a champ. Dixon stated that Conley was the best fighter in the country today.

Supreme Court of State Mixes With Judge's Initials

For once the state supreme court has erred.

Ths fact was brought out this morning when Judge A. C. Barrett of Pauls Valley took the bench here on special assignment on civil matters.

The order of assignment filed here gave Barrett's initials as "G. M." and stated that Barrett was judge in the fourteenth judicial district at Pauls Valley.

G. M. Barrett, however, is on the bench at Hugo.

LYONS DECLARES HE HAD RESIGNED FROM KLAN

(By the Associated Press)

INDIANAPOLIS, March 30.—Lawrence Lyons, chairman of the Republican state committee, admitted that he had been a member of the Ku Klux Klan but had resigned six weeks ago. Lyons said he had given a statement to the American Unit League in Chicago in which he had characterized the Klan as "un-American." Lyons' admissions were made in an interview over long distance telephone.

A large organ requires more than a 100-horsepower electric motor to supply sufficient wind.

SENTENCES OF CHURCH PRELATES COMMUTED

(By the Associated Press)

MOSCOW, March 30.—The death sentences recently imposed on Archbishop Zepliak, head of the Roman Catholic church in Russia, was commuted to 100 years imprisonment under strict isolation. The appeal of Vicar General Butchkavich for clemency was denied.

The central, executive committee which met to consider the requests for a modification of the sentences, said in its decision that both prelates were deserving of the penalty imposed by the Moscow court and in commuting the sentence of the archbishop it did so because certain elements of the Catholic church in Russia might consider that the sentence was directed against the priesthood of their religion .

The committee further said, that it regarded the evidence in the case of the vicar general showed that he had treasonable connection with enemies of the state.

CURRENCY KEEP IN DAWES' HANDS

President Appoints Chicago Man as Comptroller of Currency.

(By the Associated Press)

ST. AUGUSTINE Fla., March 30.—Congress having enacted just before adjournment measures aimed at the betterment of the agricultural and livestock industries of the country President Harding is said b members of his vacation party to be giving considerable attention to the farm situation.

The appointment of Henry M. Dawes of Chicago as comptroller of the currency announced last night was not expected for several weeks is interpreted by some close to the president to render all possible aid to the farmers and livestock men. As comptroller of currency Dawes, who is a brother of Charles G. Dawes, a former comptroller and later budget director will have direction of the formation of the agricultural credit corporations provided for under the terms of the Capper-Lenroot-Anderson bill.

Dawes will take the office filled by D. R. Crissinger., prior to his appointment to the governorship of the federal reserve board. The Chicago man will be the second member of the Dawes family to be comptroller of the currency, his brother Charles having served as comptroller in the administration of President McKinley.

MAN WANTS FIVE MEN PAY FOR WIFE'S AFFECTION

LAWTON, March 30.—Robert O. Bradley today filed suit for $50,000 against a citizen of Lawton and four army officers alleging that they had exercised undue influence over his wife and had broken up his home.

HISTORIANS OUT AT ANNUAL MEET

Five Hundred Persons Attend Mississippi Valley Convention.

(By the Associated Press)

OKLAHOMA CITY, Okla., March 30.—Officers of state historical societies, educators and others interested in the development of the Middle West were here today from states throughout the Mississippi Valley to attend the opening session of the sixteenth annual meeting of the Mississippi Valley Historical association. About 500 persons are in attendance.

Addresses and papers on historical subjects will occupy most of the sessions. Entertainment features include an automobile ride through the city this afternoon at which the Oklahoma City Chamber of Commerce will be host, a banquet by the Oklahoma Historical society tonight followed by a reception to be given by the Oklahoma chapter of the Daughters of the American Revolution, a luncheon tomorrow at Norman at which the University of Oklahoma will entertain the visitors, a dinner tomorrow evening by the Oklahoma City Teachers' Mutual association and a number of railroad excursions Saturday afternoon from Oklahoma City to places of interest in the state.

The welcoming addresses will be delivered tonight by Gov. J. C. Walton and Jasper Sipes, president of the Oklahoma Historical society.

Solon J. Buck of the Minnesota Historical society, president of the Mississippi Valley association, presided at the morning session today. Historical papers were to be read by Isaac J. Cox, Northwestern university, Eugene C. Baker, University of Texas, Grace L. Nute, Minnesota Historical society; E. M. Violette and J. L. Kingsbury, both of the State Teachers college at Kirksville, Mo.

Speakers this afternoon were to be Ralph P. Bizber, Washington University; Harriet Smither, University of Texas; R. S. Cotterill, University of Louisville; Cornelius J. Brosnan, University of Idaho, and Theodore . Grolert, University of Arkansas. William E. Connelley of the Kansas State Historical society was to preside.

The morning session tomorrow will be at Norman. Stratton D. Brooks, president of the University of Oklahoma, and J. S. Buchanan, dean of the univ sity are brief addresses. An Indian feature program is to be given by the University of Oklahoma Indian club.

The annual business meeting of the association will be held here tomorrow afternoon.

ONE LABORER KILLED IN FIRE COLLAPSE IN NEW YORK

(By the Associated Press)

NEW YORK, March 30.—At least one laborer was killed and a dozen more injured when a five-story building collapsed, taking with it the roof of an adjoining five-story building in Eldridge street yesterday. Firemen dug out the four injured men and rushed them to a hospital.

DETECTIVES MIX IN OPEN BATTLE TO GET BANDITS

Detective Mistaken by New York Officer is Shot Down.

BOTH AFTER BANDITS

One Bandit Shot Down in Attempt to Escape After Holdup.

(By the Associated Press)

NEW YORK, March 30.—The victim of official zeal John Cordes is in a critical condition at a hospital with four bullets in his body while near at hand lies an 18-year-old bandit, James Whitten, the cause of one of the most spectacular gun battles seen here in years. It was caused by two members of the police force, one a detective the other a police sergeant, both in plain clothes mistaking each other for a bandit.

Sergt. McDade, the other principal in the shooting, escaped unhurt.

McDade and a woman companion were promenading when the policeman noticed two men whose movements aroused his suspicion. When they turned into a cigar store McDade watched them through the window. He did not have a clear vision of the whole room. Had he he would have seen the two step to the counter to make a purchase. He did not see what Detective Cordes saw.

Cordes saw two men rifling the safe. Knowing they were bandits he drew his revolver and commanded them to "stick 'em up." When McDade saw Cordes pull his gun he took him for a bandit. Coming up behind Cordes he covered him with his gun and said, "now you stick 'em up."

Thinking that McDade was the outside man of the burglars, Cordes wheeled and fired. The bandits also fired on Cordes, but as he fell he grabbed the legs of one and while on the floor shot Whitten.

The other bandit was caught by passersby .

No Increase for Federal Reserve Discount Rates

(By the Associated Press)

WASHINGTON, March 30.—Although conditions and the possible need of an increase in federal reserve discount rates were generally admitted to have been discussed at the conference of the governors of the twelve federal reserve banks and banking board, the governors declared that there is no immediate prospect of an increase

Beyond a formal statement issued with the conclusion of the conference yesterday in which members of the federal reserve board participated that besides the inflation possibility, many other matters concerning the reserve banking operations had been discussed, the governors themselves declined to discuss the present inflation tendencies.

Big Grain Dealers Reach Agreement in Marketing Clauses

KANSAS CITY, Mo., March 30.—An agreement has been reached between the United States Grain Growers, Inc., and the American Wheat Growers association, for the marketing of grain, according to Newton Jenkins, general counsel stated today .

The agreement was reached last night in a conference of the two bodies, but it must pre approved by the two arganizations, Jenkins said.

According to the agreement, the American Wheat Growers Association will restrict its operations to wheat. It will handle wheat in certain states of the Northwest. The United States Grain Growers will handle wheat in certain states allotted to it and coarse grain in all states.

Aviators on Another Flight

WASHINGTON, March 30.—Army aviators Coakley and McReady are preparing to make another attempt at a non-stop flight across the continent from New York to San Diego.

Notice Royal Arch Masons.

Special convocation Ada Chapter No. 26, R. A. M., this evening at 7:30 for work in the Most Excellent Master Degree All Royal Arch Masons cordially invited.—W. P.. Lee, H. P.

HOBBY OF EDITOR NOW HIS BUSINESS

J. B. Doze.

J. B. "Bert" Doze, managing editor of the Wichita Eagle for nearly 10 years, has been appointed state fish and game warden of Kansas. He will assume his duties April 15. The position carries with it the management of the state fish hatchery at Pratt, the largest fresh water fish hatchery in the world. He has made a life study of fish and game and has contributed to sporting magazines for some time.

SIX DEAD WHEN CAR HITS TRAIN

Pullman Train Thrown in Ditch After Hitting Automobile.

(By the Associated Press)

CLEVELAND, Ohio, March 30.—Six persons are known to have been killed and many others injured, some seriously, when a fast Big Four Pullman train from Boston to Cincinnati struck an automobile at a grade crossing on the north side city limits this morning.

The engine left the track, turned over in the ditch, four Pullmans following it. All of the cars n the train with the exception of the dining car, left the track. The train was due at Columbus at 7:50 and was more than one hour late. It was running at a speed estimated at 65 or 70 miles per hour. It is one of the finest trains on the Big Four road.

The auto was struck at Oakland avenue crossing and the wrecked train piled up across north Broadway.

The dead are: Horace Holbrook Warren, O.; Earl Wilson, fireman, Columbus; J.W. Clee, fireman, Cleveland; Mrs. Frank S. Hemiger, Columbus, wife of the driver of the car that caused the wreck; Robert Hemiger, 5 their son; and an infant. Rescue workers said other dead may be found under the wreckage.

Every available ambulance and doctor was rushed to the scene of the wreck and the injured were given prompt attention and sent to the hospitals.

CINCINNATI, March 30—Among the 20 injured in the Big Four wreck near Columbus was F. B. Shelton, vice-president of the C. & T. railroad, according to an official bulletin issued at the general offices of the road .

Two Firemen Are Killed in Flames of Tenement Row

(By the Associated Press)

NEW YORK, March 30.—Two firement were killed and 16 injured today while fighting a spectacular fire that swept two factories and four tenements on the east side, and which for a time threatened the Bellevue hospital with its 2,000 patients.

The dead firemen and the injured were buried under the debris of a brick wall which toppled into the street following a gas explosion. Others were burned while rescuing the occupants of the buildings.

MITCHELL AGAIN FACING CHAIR ON MURDER CHARGE

(By the Associated Press)

WACO, March 30.—Roy Mitchell, convicted of the murder of W. E. Holt, Mrs. Ethel Dencamp, Grady Skipworth and W. H. Driskell. went to trial today for the murder of Harrell Bolton, May 25 of last year.

All four juries that sat on Mitchell's case have deliberated no longer than 10 minutes, in each case returning a verdict of murder and assessing the death penalty.

Read all the ads all the time.

VERNON CLAIMS SALARY CLAUSE PUT IN MEASURE

Wagoner Solon Points Out Investigation Shows no Copy With Clerk.

HOUSE CHANGES POLICY

Solons Complain of Insult of Discipline With Armed Guards.

(By the Associated Press)

OKLAHOMA CITY, March 30.—Reversing its action taken recently in discharging the banking committee without accepting its report, the lower house of the state legislature today voted to reconstitute the committee, gave it three months and $5,000 with which to conduct its investigation.

The senate today killed a bill which would have provided $100,000 for the erection of a governor's mansion.

Representative Vernon of Wagoner caused a stir in the house when he charged that House Bill 432, reconstituting the state banking department and passed yesterday by the senate carried a provision for an attorney for the department at an annual salary of $5,000, whereas, a similar provision had been stricken from the measure by the house. He said the senate did not amend the bill but that the provision had mysteriously appeared in it when the bill had been engrossed by the house.

An investigation revealed that the clerk of the house had no copy of the bill. stenographic notes were referred to by the speaker's order and the clerk ordered to trace the matter down.

Vote to Expel Guards

Voting to expel a corps of armed guards stationed about the chamber by Speaker Gibbons and witnessing a brief demonstration staged ostensibly by the Ku Kux Klan, the house rambled through a hectic session Thursday, after voting to orders for the sine die adjournment until noon Saturday.

The adjournment had been set for noon Thursday by previous vote of both houses, but a tangle in the senate over the soldier's bonus and the highway department bill forced the reconsideration, it is understood.

"All Feel Insult."

Remonstrating against the employment of the policemen, D. A. Stovall of Choctaw, said such a thing had never before been heard of in the history of legislative proceedings. "Why, at this late date," he demanded, "do we find an armed guard thrown about this body?"

The speaker denied that the guards were still armed, Stovall replying, "What's the use of them, armed or unarmed? Such action casts suspicion upon every man in this house, every one of us should feel a tinge of insult."

On Stovall's motion to bar the guards from further duty on the floor, some two-thirds of the house voted with him. Gibbons retaining support of the league bloc and a group of strict administration members.

Keeps Liquor Away

Speaker Gibbons told newspapermen he had sworn in the additional sergeant-at-arms to keep liquor from the corridors and committee rooms, saying he had intercepted one case of booze earlier in the morning. This was indiganty denied by others, however, it being charged that the guards had been brought in for another purpose and that little drinking had been done at the capitol. The guards stationed in the chamber could not, at the same time guard the corridors, it was added.

The "klan" incident came when A. K. Berry of Kiefton caught attention of the chair and announced he wished to bestow a "token of remembrance to one member from certain others."

He then stepped over to the desk of Fred F. Brydia of Ada, presenting the Pontotoc solon with a miniature klansman garbed in white and wearing the insignia of the Ku Kux Klan.

Brydia, earlier in the session, had introduced a resolution designed to outlaw the klan, his bill being voted down 93 to 3, and the chamber broke into an uproar as he rose to acknowledge receipt of the memento.

PRESIDENT OF ILLINOIS ALLIED BANK SUCCUMBS

CHICAGO, March 30.—Edmund D. Hulbert, president of the Allied Illinois Merchants bank, died this morning of acute dilation of the heart. Hulbert is said to have been the first person to whom President Wilson showed his plan for a federal reserve banking system and gave considerable aid to the president in shaping other sound money measures.

BIBLE THOUGHT FOR TODAY

THE HIGH CALLING:—Be ye therefore perfect even as your Father which is in heaven is perfect.—Matthew 5:48.

DING DONG BELL, PUSSY'S IN THE WELL

Representative Gallivan of Massachusetts, says that prohibition will cost six hundred and twenty trillions during the next twenty-five years. To offset Mr. Gallivan's pessimism, the LaMontagne brothers, of New York, prominent in society and polo circles, have been sentenced to prison by Judge Winslow, of the Federal District Court, in spite of their standing, the excellence of their liquor, the respectability of their patrons, and numerous pleas urged in their behalf.

So it goes. So it will continue. Cat chasing tail; tail chasing cat. Those who swear it does; those who swear it doesn't. Dry arguments invincible; wet arguments invincible. But, under all the noise and windy propaganda, one thought burns: a low on the books should be enforced simply because it is law enforced because, where exceptions are made, other laws are weakened by the pull of gravitation, the let-down in sentiment.

In an address delivered at St. Louis, John W. Davis, president of the American Bar Association, made this statement: "Individual liberty is being beaten down, and the right of man to govern himself is being defeated by the threatening encroachment on the Constitution of a 'code of statutes to cotrol the habits and morals of Americans."

Laws, laws, laws, laws! Who ever saw the like of them? Laws to regulate quantities and qualities, bootleggers and soft-drink dispensers, merchants and peddlers, scalawags and saints, ships and tubs, utterances and silences. Laws, laws! No end to them at all. Legislatures busy all over the land making more of them, stripping people of the privilege of choice, curbing speech, blocking initiative, handicapping art, interfering with this thing and that thing. Laws, laws, laws, laws!—and nobody to provide a law against making more of them.—Holland's Magazine.

It is announced from St. Louis that the Katy receivership terminates Saturday and most of the system will be taken over by the new owners. However, the dispatch states that the line from Coalgate to Oklahoma City is not included in the deal but will remain in the hands of Receiver Schaff. It is probable that no change will take place in the service for the time being, but it is not known what the final outcome will be. Several times it has been rumored that the line is to be electrified, but this has not been confirmed. Since its construction the line has been operated by the Katy under some sort of lease ad now it remains to be seen whether a new lease will be taken, the line bought outright by the Katy or if it is to be made an electric line. Of course all towns along the line are deeply concerned in the matter and will watch with keen interest the final outcome with the view of protecing their own best interests.

F. J. McFarland is in receipt of a letter from Paul Nesbit, state highway commissioner, saying he will come to Pontotoc county as soon as the legislature adjourns and he gets up with the office work. Mr. Nesbit was formerly a fellow-townsman of Mr. McFarland. When the commissioner comes he will go over the matter of getting a bridge across the Canadian and will render what assistance he can. Mr. Nesbit has long been considered a friend of Ada and Pontotoc county, and we believe that plans will be worked out for a bridge to be started before fall.

A civil court of appeals in Texas has ruled that the contracts of co-operative marketing associations are not binding on the members. It is to be hoped that the supreme court will take a different view of the matter. The entire success of an organization of this kind depends on the members sticking together and the failure to stick together has always been the cause of failure of such organizations. An association must have power to enforce its contracts with its members, if it is to amount to anything.

It is reported from Washington that it will be six months before the report of the tariff commission's findings in the sugar profiteering investigation and be prepared and given to the public. Meanwhile the trust will have sold its sugar at the top notch, pocketed the profits and be off somewhere playing golf when the report comes out saying that the price WAS too high.

Emma Goldman has expressed a desire to die in the United States, the country she denounced all the years she preached anarchy here. An exchange suggests that no one would object, provided she carried out her wish immediately on landing on American shoes. A delay in the matter would be highly objectionable.

The Holdenville Democrat says that while the street corner crowd in that city holds heated discussions about which town a particular oil field belongs to, the owners of the wells are too busy drilling new ones to bother about the claims of any town.

PROGRESSIVE BRAVES ARE WORKING THEMSELVES INTO BATTLE FRENZY

MURRAY HANDLES SURPRISE ON ADA

College Tigers Lose First Tilt in Game Here Thursday.

Dazed Tigers clawed wildly for a footing on the scoring ladder yesterday afternoon at the college diamond when the Murray Aggies nine from Tishomingo slipped over an easy victory with the final score at the ninth inning standing at 9-3.

Taking advantage of a moment of hesitancy in the first inning, the Aggies trotted across the home plate for the first run and gaining courage never released their margin lead during the remaining eight innings of the game.

Defeat at the opening of the Tiger baseball schedule came as a costly surprise to Tiger ambitions for state championship, after having been highly touted as comers for the honors this year after staging a successful sweep of the field last season.

Tiger coaches believe that the College nine has not set its stride as yet and that qualities for state honors remain in the fighting machine of the Tigers.

Murray Aggies in wresting the first game from the Tiger catcher, proved the strong cog in local lineup. He visited the home plate four times, faced the pitcher and grabbed three hits from his visits. Lee also scored one of the runs obtained by the Tigers. Johnson also claimed his share of the honors with a sensational role at short and two hits to his credit at bat. Johnson's long three-base drive to deep center scored Lee but he was forced to spend the remainder of the inning at third without release from the following batters.

Lynch and Allen divided honors on the Tishomingo team. Allen counted two hits but piled up four of the runs to his credit. Lynch also came in for his share of the honors with three hits and two runs of the Tishomingo score. Anderson of the Aggie team counted three safeties.

The game early left the hands of the twirlers on each team and remained a hit and run affair. Morrison, local twirler, easily outmatched his opponent on the mound for strikeouts but allowed fourteen hits in so doing. Curtis, Aggie moundsman, took things easy and while not establishing a high strikeout record held the Tigers down to seven hits, which were sufficiently scattered that only three runs resulted.

The Tiger and Aggie nines will meet again today for their second game of the series.

Summary: Score—Ada College—3, Murray Aggies—9; home runs—none; three base hits, Ada—Johnson, Aggies—Lynch, Massey; Two base hits, Ada—Lee; Struck out by Morrison—13, by Curtis 6; base on balls by Morrison— none, by Curtis—2; hit by pitched ball—Aggies Allen and Cass. Umpire Wray.

PHILIPINE EXPORTS INCREASE BUT EXPORTS SHOW DECLINE

(By the Associated Press)

MANILA, P. I., March 30.—Exports from the Philippine Islands to the United States in 1922 exceeded those of 1921 by more than $13,500,000, but the imports from the United States decreased approximately $26,000,000 according to figures just compiled by the Bureau of Customs.

The total trade with the United States in 1922 amounted to $111,849,000 of which $64,116,000 was exports and $47,738,000 was imports. The total trade in 1921 was $124,486,000, the exports being $50,356,000 and the imports $74,130,000.

British ship carried the largest portion of the total rade of the Philippines in 1922, their cargoes being valued at $67,786.000, while American ships carried goods valued at $62,000,000.

SCHOOL NOTES

HAYS SCHOOL

Billie Elliott moved with his mother to Oklahoma City.

J. C. Campbell entered Hays from Glenwood.

Clara Wood has re-entered school after a week's absence caused by sickness.

Hays baseball team defeated the Glenwood team 8 to 1.

The high school base ball team played a pratice game with Hays team.

The fifth and sixth grade rooms made $17.07 from their food sale. The Seventh and Eighth grades made $9.62 last week and Miss Grant and Miss Griffith made $6.31 Wednesday from their sale. A total of $33.00.

Mothers Club met last Friday and elected the following officers for the coming year: Mrs. Leonard Braly, president; Mrs. J. W. Hughes, vice president; Mrs. Lane, recording secretary; Mrs. Green, corresponding secretary; Mrs. Stall, treasurer.

Mrs. Nelson gave two readings, "Sally Ann's Experience" and "Two Little Pink Sunbonnets" which was enjoyed by all.

Mrs. Leonard Braly was elected as a delegate to represent the P.-T. A. at the first annual meeting of the congress of mothers, Parent-Teachers Associations, which meets at Tulsa this spring.

The following students in grade two have neither been absent nor tardy during the past month. Ivan B. Lollar, Rose Adell Campbell, Barbara Wood, Louise Shipman, Laretta Arnett, Lucille Wright, Frances Cotton, Vera Fisher, Constance Treadwell, Melba, Huddleston. Ola Flowers, Byrd Colbert, and Roy Vogt.

SURE IT DOES GOOD

Thedford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the 'flu' by taking doses of Black-Draught regularly.

"I, myself, use Black-Draught for indigestion, and it is fine.

"We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver.

"I am glad to recommend anything that has been the help to my family that Black-Draught has.

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthful matters out of your system.

Sold everywhere. NC-148

LEGIONNAIRES STAGE NOVEL CABARET DANCE THURSDAY

A novel feature on the dance calendar of the year, was held Thursday evening at the City Hall under the auspicies and direction of the Norman Howard post, American Legion.

In the Legion Cabaret dance, a new entertainment feature was launched by members of the local post and whether financially a success or not the endeavor of the post officers to afford a new phase of entertainment on their program should be considered a worthy attempt.

Out-of-town professional entertainers were obtained at a heavy expense, which made the venture a financial hazard as far as finances were concerned.

The dance met the approval of all who attended and was said to be well sponsored and strictly in accordance with Legion endeavors for such occasions.

Coon Locates at New Quarters in Optical Business

A. D. Coon has moved his optical business from the Harris Hotel building on East Main street to the building formerly occupied by the Merchants and Planters National bank at the corner of Main and Broadway.

The new location is better suited to this line of work and Mr. Coon says the additional room is needed for the rapid expansion of the business.

A. D. Coon is one of the old timers in the business circles of Ada. He recently sold his jewelry line to permit him to devote all the time to his optical business.

He will be glad to see his friends in his new location.

NOTICE TO PARENTS: There is city ordinance prohibiting the use of "sling shots" or "nigger shooters" within the city limits. There has been property damage and complaints have been made. Parents should warn their children of this law violation, as the ordinance will be enforced.—Wick Adair, Chief of Police. 3-28-3td

K. C. Daley, superintendent of the Homokla Oil Co., was in the city Thursday the guest of H. E. Morris.

CHESTERTON PREPARES TO COMBAT MONOPOLY

(By the Associated Press)

LONDON.—Gilbert K. Chesterton, the author, is going to start a new weekly magazine to combat monopoly and support his stand for scattered property with as many small owners as possible. "There is no organ today that presents this view," Mr. Chesterton expains, "and there should be one.

'I think that the modern evil is monopoly," Mr. Chesterton continues. 'My objection to socialism is that it is really only the culmination of capitalism, and my objection to capitalism is that it is likely to turn into capitalism, because what they have in common is that they both make wealth impersonal and centralized.

"The point is that both forms in the modern world, and particularly the industrial world, tend to keep power in the centre, because either in the form of socialist officials, as in Bolshevist Russia, or in the form of trust magnates, as in industrial America, for instance, a few men in practice not only rule but own the lives of all other people: they own the things they eat and drink, as well as the machinery they use, and they pay them a wage.

"The cure for this evil of monopoly is a reversal of the whole procedure, and an attempt again to scatter private property and to create as many small owners as possible.

"It seems extraordinary that there is no organ of opinion to express this idea, and all the more because it is the most sane and simple and ordinary of all human ideals. There is nothing particularly faddist about saying that a field should be of reasonable size, or that the family farm should belong to the family."

Some things you should know *about your heart*

THE first thing a physician examines, when summoned, is the heart pulse. A normal heart will beat one hundred and three thousand times each day. You depend on it to beat every second of your life. You realize the heart should not have to overwork constantly to throw off blood impurities. It is impurities which increase the heart beat. More red-cells mean cleaner, purer, richer blood. They mean nerve-power, because all your nerves are fed by your blood. This means freedom from pimples, from blackheads, from boils, eczema and skin eruptions; from rheumatic impurities, from that tired, exhausted, run-down feeling. Red-cells are the most important thing in the world to each of us. S. S. S. will build them for you! S. S. S. has been known since 1826 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced.

Mr Arthur A. Smith, 5009 S. Ada St., Chicago, Ill., writes: "After suffering with bad boils, I commenced using S.S.S. I wish to say that it came up to all expectations, and relieved me of boils. I wish to express my appreciation for what S.S.S. did for me."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

S.S.S. *makes you feel like yourself again*

Ready For Service

We have moved to the main corner of the city in order to be better situated and have more room.

Our modern equipment and professional training permits us to do this highly skilled work in most expert manner. We guarantee to give satisfaction, and our greatest advertising is the large body of satisfied patrons.

Why take chances with your eyes? To let eye trouble go unattended to is to invite disaster. Weak or slightly defective eyes can be cured if treatment is started early. Weak or slightly defective eyes may keep your child backward in school when in reality he ought to lead his classes, keep him from enjoying play, and from developing in that free and untrammeled way like nature intended.

STATE FARM LANDS SHOW BIG INCREASE

(By the Associated Press)

OKLAHOMA CITY, Okla., March 30.—Taxes on farm lands per acre increased 126 per cent as an average for the entire United States in the last eight years according to figures compiled by the United States department of agriculture and made public here by Carl H. Robinson, federal crop statistician cooperating with the state board of agriculture. The statement said that all state, county and local assessments on real estate are included in the ta total, and the report is based on statements made by crop reporters from their actual tax payments on the same lands in the various years.

"The average tax per acre for all states in 1913-1914 was 31.4 cents," the report said. "This average rose to 70.9 cents per acre in 1921-22. Oklahoma's tax per acre in 1913-1914 was 28 cents per acre; in 1921-1922, 57 cents or an increase of 101 per cent. Of the 48 states, Colorado had the highest per cent of increase, 240 per cent, while Arizona had the distinction of having no increase in taxes, the tax being 7 cents per acre, the smallest of any state in the union. In 17 states the tax increased less than 100 per cent. With the single exception of New Jersey, the twelve states lying north of North Carolina and east of Ohio and West Virginia showed an increase of less than 100 per cent. The three states New Mexico, Arizona and Utah also had an increase of less than 100 percent."

The report declared that "out of every 72 acres of plow land in 1921-1922 in Oklahoma it took the value of one acre to pay the taxes while for the country as a whole the value of one acre out of 99 was required."

FIRST CHRISTIAN CHURCH
"The Friendly Church"
216 S. Broadway

The first Christian Church takes this means of inviting you to all of the services Sunday. Let us make this Easter one to be long remembered in Ada.

Will you be one of seventy-five men to greet Bro. Linschied at the Bible class at 9:30. He has a message for you.

We want you to be one of four hundred in our Bible school 9:30 is the hour. Come, you will feel better.

The pastor will preach at the morning hour, 11 o'clock, on the subject, "The Transformed Cross and Crown." you will be interested in hearing this subject discussed.

Junior C. E. meets at 3 P. M., Mrs. C. A. Zorn is in charge.

Intermediate C. E. with Bro. G. L. Daugherty in charge, meets at 6:30 p m.

Senior C. E. will observe the annual Sun Rise Prayer Meeting and breakfast at the lake. Regular evening C. E. at 6:30 p. m.

A splendid Easter program has been prepared for the evening service. The young people have worked hard on this program and have it in splendid shape.

The congregation will hold a Sun Rise Prayer service at the church Sunday morning.

Sunday afternoon at 3 o'clock is the regular monthly meeting of the official board. Please be out.

Young Matron's Circle will meet Monday at 3 o'clock with Mrs. Geo. Alletag, 701 E. 12.

Don't forget the cooked food sale and colored Easter eggs at Coffman, Bobbitt & Sparks Hardware store Saturday at 2 p. m. Young Matron's Circle in charge.

"EAST IS WEST" REACHES SCREEN WITH CONSTANCE TALMADGE AS STAR

Most Coveted Success of Speaking Stage Gives Scintillating Unusual Vehicle for Her Talents as Dramatic Actress as Well as Comedienne and the Finest Role of Her Long Career

"East Is West," the outstanding stage success of the past decade, with a record of two seasons on Broadway alone has reached the screen.

Constance Talmadge finally secured the most coveted play, which has been dangled before the longing eyes of motion picture producers, and will be seen as Ming Toy, the lovely heroine when this First National attraction is shown here on Monday and Tuesday at the McSwain theatre.

Two million persons have laughed and thrilled with Ming Toy on the speaking stage. Easily ten times that number will enjoy the most scintillating of screen stars on the silver screen.

It was a signal triumph for Miss Talmadge when Joseph M. Schenk succeeded in getting "East is West" for her. From the first week of the play's long run on Broadway it has been sought by motion picture producers but it was regarded as so valuable a piece of property that a practically prohibitive price was set on the motion picture rights. The question of cold dollars and cents, in large numbers, formed a barrier which was not hurdled till Mr. Schenck came along. But it is the opinion of all who have seen this exceptional production that it is the finest vehicle in which Constance Talmadge has ever been seen.

The Price of Recognition
(Oklahoma City News)

Secretary Hughes' lengthy dissertation to the delegates of the Women's International League of Peace and Freedom, who called at his office to ask why the United States has not recognized the Russian Soviet Republic, contains this 'simple test" for Russia in Mr. Hughes' words:

"We have in this case no need to speculate, as of what avail are assurances when we find properties taken without compensation or restoration, obligations repudiated—properties of all sorts, the investments of one of our great life insurance companies, for example."

In other words, we want our money back, with interest. That is Mr. Hughes' price of recognition for Soviet Russia. And until that money is safely lodged in the depositary in Wall Street, the great nation of 175,000,000 Russian people simply doesn't exist to our State Department.

Tell us, Charlie, why is a diplomat like an ostrich?

Radio Hurts 'Em
(Ardmoreite)

Radio concerts, broadcast free, are cutting down the sale of sheet music and phonograph records. This reduces the revenue formerly enjoyed by music composers. So they organize, threaten to sue broadcasting stations that use their copyrighted music without paying for it .

J. C. Rosenthal, representing the composers, says: "It is getting to the point where the top of the piano is never lifted and the phonograph is never used. I personally know of two music lovers who have installed their radio receiving sets on top of their phonographs. They have not opened the phonographs since and have not bought a record.

In one year the number of radio broadcasting stations increases from 80 to 581. There shouldn't be over 50, and possibly as few as 10, according to some of the experts testifying at the Hoover radio conference.

While fewer stations would help prevent the jumbling of concerts coming in simultaneously, the national government must be on guard against any limitations that would create monoply.

State Crops Now Recovering From Effect of Freeze

(By the Associated Press)

OKLAHOMA CITY, March 30.—Vegetation and crops recovered very slowly during the week just closed from the effects of the recent severe freeze and made very little growth, according to the weekly crop and weather summary issued here by the United States weather bureau. The report said the extent of damage to early blooming fruits has not yet been determined. Most localities report peaches a total loss while others expect from 25 to 75 per cent of a normal crop, according to the report.

Oats were severely damaged by the freeze, the report said, but are generally reported as coming on again. High winds and blowing soil did considerable damage to wheat in the western part of the state and the crop is in very poor condition, it was said. Elsewhere the crop is reported good. Corn is being planted in the central and southern parts of the states.

OKLAHOMA PLOW LAND INCREASED IN VALUE

(By the Associated Press)

OKLAHOMA CITY, March 30.—The value per acre of Oklahoma plow lands in the last four years has dropped from an average of $47 an acre to $37, according to figures made public here today by Carl H. Robinson, federal agricultural statistician, co-operating with the state board of agriculture.

"There has been a continuous drop in the value per acre of Oklahoma plow lands during the past four years, the average per acre on March 1, 1920, having been $47 per acre and the average values on March 1 of the three succeeding years having been $46, $41 and $37 respectively." Robinson's statement said.

"Expressed in index numbers and using 1920 value as a base, or 100, the per acre value of Oklahoma plow lands in 1921 equaled 98, that of 1922 equaled 87 and that of 1923 equaled 79. The depreciation for the United States was 5 per cent more than for Oklahoma.

"Values per acre of plow land were above $100 on March 1, 1923, in only four states, being $153 in Iowa, $125 in Illinois, $116 in Arizona and $113 in California. Values were as low as $22 per acre in Montana, and $26 in Georgia, Alabama and Mississippi.

"Gains in plow land values per acre from 1922 to 1923 are observable in early truck crop states north of South Carolina and generally in the cotton states which would indicate that the truck-crop and cotton states are getting their farms back upon a paying basis. Continued depreciation in value is observable in states in the important corn and wheat regions and in the mountain and Pacific sections."

Good to the last drop

More than a slogan to the man whose travels have taught him how bad coffee can taste; it is a downright statement of fact.

MAXWELL HOUSE COFFEE

Williams Appoints Receivers for Oil Refineries at Tulsa

(By the Associated Press)

MUSKOGEE, March 30.—On petition of the Spitzer-Rorick Trust and Savings bank of Toledo, Ohio, receivers were appointed late yesterday by Judge R. L. Williams of the United States district court for the Constantine Refining Co. of Tulsa, one of the largest independent operators in the Mid-Continent field. Pat Malloy, Tulsa attorney, and W. O. Dickinson were named as receivers.

It is alleged that the company had defaulted on a bond issue of $5,000,000. The petition asking for the appointment of receivers alleged default in interest payments from July, 1922, to March, 1923.

A TIRE FOR ONE DOLLAR!

Wouldn't You Pay One Dollar for A Standard Guaranteed Tire?

Certainly, any sensible person who owns an automobile would like a Good Tire for only One Dollar. Everyone is entitled to buy the best Tires they can get for the least amount of money, and we are helping just such motorists to get what they want—Greater Tire Value than they ever got before!

The Famous, "Associated Dollar Plan" is doing it for them. This plan actually saves car-owners about 50 percent on all tires and tubes they buy from an Associated Dollar Tire Store. The "Famous Dollar Plan" is simply this: You buy one of our Standard Guaranteed Tires or Tubes at the usual list price, and then we give you another one exactly like the first one, in every respect, carrying the same Standard Guarantee, for the small sum of One Dollar. This cuts the cost of the two tires or tubes almost in Half, and actually saves you about 50 percent.

Thousands of motorists have already taken advantage of this remarkable saving, and are proving conclusively to themselves and their friends—THAT IA PAYS TO BUY ASSOCIATED TIRES on the "FAMOUS DOLLAR PLAN."

Remember, Associated Tires and Tubes are made out of the finest materials it is possible to obtain. They are carefully built by recognized experts in the tire industry. They are full ply, oversize, hand made and air-bag cured. They could not be made one bit better at any price, so you can't go wrong in buying them!

Come and see for yourself, or write the nearest store for prices. Prove conclusively, that at last you can get—The Kind of Tires you have always wanted at a PRICE THAT YOU ARE WILLING TO PAY! These Tires and Tubes are for sale ONLY AT the ASSOCIATED DOLLAR TIRE STORE, and cannot be bought any other place! Come in!

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. adv.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparatoin, improved by the adddition of other ingredients, which can be depended upon to store natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. adv

REVIVAL TO BEGIN AT METHODIST CHURCH SUNDAY

The revival at the Methodist church will begin Sunday morning with Dr. Copeland of Dallas doing the preaching.

The pastor expects Sunday to be a great day beginning with Children's Day program at 10 o'clock and there will be the beautiful and impressive service of baptizing children during this program. At the close of this program and just before preaching a large class will be received into the church. The pastor urges all of his members and friends of the church to be on hand Sunday and at all the services through the coming weeks.

VAUDEVILLE ARTIST WEEK BE OBSERVED IN STATE

(By the Associated Press)

OKLAHOMA CITY, Okla., March 30.—A proclamation calling attention to the patriotic service rendered by vaudeville actors during the war in furnishing amusement to the American forces and urging citizens to show their appreciation by oservance of National Vaudeville Artists week, beginning April 1, has been signed by Gov. J. C. Walton.

The proclamation follows:

"Whereas, the patriotic services rendered our country in the stress and turmoil of the great world war by the vaudeville artists throughout the nation; and

"Whereas, it is fitting and proper for a grateful people to hold in grateful remembrance these services at that time performed without stint and without remuneration, producing mirth and music and song on the stages of the country contributing thus to the winning of the war and sustaining the spirit of our soldiers and our citizens.

"Therefore, I, J. C. Walton, governor of the state of Oklahoma, have seen fit to designate the first week in April as the National Vaudeville Artists week, in memory of the sacrifices these actors have made, and urge the citizenship of our state to manifest their appreciation thereof by attending the vaudeville theatres in the above named week as an adequate tribute to the American Vaudeville actors."

MIAMI, Okla.—Imaim Amohalko is the name given to a week of city boosting and celebration to be held here soon to influence the growth and prosperity of Miami and the surrounding mining district. A pageant and parade in which Indians have been invited to participate will be a feature of the celebration.

If you're especially fond of hot breads—

YOU will be delighted with Mrs. Tucker's Shortening. For Mrs. Tucker's will help you make biscuits, muffins, cakes and pastries so temptingly light they melt in your mouth.

Mrs. Tucker's is a pure vegetable shortening made right here in the South. Snowy white in appearance, it has a butter-like richness, yet none of the heavy greasiness of lard. And Mrs. Tucker's is economical. It costs no more than ordinary shortening, and goes much further. Mrs. Tucker's can be used over and over again for frying.

Be sure to get the blue pail with Mrs. Tucker's picture on it.

Mrs Tucker's Shortening

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

DOINGS OF THE VAN LOONS— Bobby seems to be interested in Grace's Wedding top. By F. LEIPZIGER

MAIN STREET

—BY—

V. L. H.

Those who attended the Legion cabaret, will admit that times have indeed changed.

Only one thing remains out of the soggy memory of cabaret days, that being the dance.

Exponents of the Castles, Dennis-Shawns, and other shakers of the light fantastic toe admit that there is a resemblance to the present dance and the player-piano variety on Canal street in a certain southern village.

Hump Smith also met a rot rival in an out-of-town visitor who jarred the plaster off the ceiling and shook three girls to sleep.

Our bank robber friend from Holdenville was also on the floor which helped bring in the cabaret effect. He sneaked in between tables, stole a few of the local contestant's partners and eluded all efforts of suppression.

A couple from Holdenville came down to earth and showed Ada Wrestlers a few things in the art.

Little can be said of the entertainers, except probably that the gross tonnage represented more than the gate receipts of the cabaret. After seeing the plump dancer in action local girls have decided that exercise is no receipt for reducing surplus weight.

* * * *

One of the oldest established rules for keeping peace and harmony in the household of the newlyweds, is to prevent said couple from being partners in a bridge game.

People sometimes doubt the advisability of naming their twins Adam and Eve. What's in a name—just keep 'em away from the orchard.

* * * *

Old Joe Cole
Is a merry soul,
If the worst is told,
At a cabaret dance, he's bold.

* * * *

Various methods have been tried out for the capture of the bootlegger but never has he been charged with impersonating an officer.

* * * *

Another historian has carved his name down in Ada.

A degree of uncertainty, a period of restless waiting serves as forerunner to every important epoch.

War gods ponder on the eve of battle and strange spirit of calm exists.

Some degree of advancement must be in evidence before the landslide of the common herd.

Dame fashion sends out her feelers before declaring boldly her decree in styles.

The male of the species are also prone to wait until firmly invited before biting at the new apple on the string.

Smith-Cole company sold it?
W. H. Enloe bought it?
He will wear it Easter Sunday?
—The first straw bonnet.

Germans Save Postage Stamps

(By the Associated Press)

BERLIN, March 30.—One of the most popular forms of investment for Germans anxious to guard against depreciations of the mark has been the colletcion of postage stamps. Large sums have already been spent in this way by the well-to-do and the stamp business in Germany has made new records.

The German government has established an official department known as the dispatching department for stamp collectors, which supplies stamps to subscribers as soon as they are issued and attempts to revive as many of the old issues as possible for sale purposes.

VALUABLE CHAMPION HOG DIES AT 101 RANCH

(By the Associated Press)

PONCA CITY, Okla., March 30.—The Great I Am, head of the largest herd of pure bred Duroc Jersey hgs in the world at the 101 Ranch near here, died recently. Doctors said he had a throat affliction similar to the "flu." The hog was said to have been the most expensive ever brought to Oklahoma. He came from Nebraska two years after being named grand champion of that state.

At the 101 Ranch he occupied a special house equipped with a shower bath and electric fan,so arranged that he could turn them on himself.

YELLOW BRIDGE STANDS OUT AS DANGER WARNING

(By the Associated Press)

PONCA CITY, Okla., March 30.—A steel bridge 60 feet long and painted a bright yellow is being erected over Bodoe creek, six miles north of here. The color is intended to be a reminder of unusual danger to motorists. The bridge will replace one that was destroyed by a speeding motor car. L. A. Cann, county commissioner, is father of the theory that the yellow bridge will caution drivers. The bridge crosses the stream at an angle at a point where stream and road run parallel.

RUM SHIP REPORTED LOST IN STIFF GALE

HIGHLANDS, N. J., March 30.—One ship of the rum fleet was lost in the heavy gale of Wednesday in the heavy gale of Wednesday.

The lost ship ran between Highlands and the rum Armada anchored outside and was making her second trip to the maratine liquor mart when lost.

Man Impersonates Officer to Search Pedestrians Here

Tom Bennett would be an officer, county authorities allege.

At least charges of impersonating an officer have been filed in the complaint of J. W. Dean, county attorney.

The complaint alleges that Bennett took on the official dignity and searched several parties under the declaration that he was a county sheriff.

Bennett is being held in the county jail.

Japan Appropriates for Roads

(By the Associated Press)

TOKIO, March 8.—The Japanese government contemplates spending 300,000,000 yen, or approximately $150,000,000 during the next 3 years to improve the roads of the empire. This includes the new Yokohama-Tokio and Osoka-Kobe automobile roads, now under construction, which will eventually form part of a main road connecting Tokio, Yokohama, Nagoya, Kyoto, Osaka and Kobe, the width of which will be 36 feet near the cities and 30 feet in the country.

At present motoring is made difficult in Japan owing to the narrowness of the roads and the fact that they pass through thickly populated villages .

W. R. Garrett has returned from Vinita where he served on the federal jury.

U. S .OFFICIALS SENT TO PROBE MAIL FRAUDS

(By the Associated Press)

WASHINGTON, March 30.—As a result of the department of justice's campaign against stock swindlers, Acting Attorney General Seymour sent Assistant Attorney General Crimm to prepare for trial at Fort Worth shortly of a large number of cases charging use of the mail in selling fraudulent oil stocks. Crimm is said to have reported to the department that amcunts mulcted from the public at this point alone is $100,000 per day.

WEATHER BUREAU FRIENDLY TO EASTER STROLLERS

(By the Associated Press)

OKLAHOMA CITY, March 30.—Hope for the Easter bonnets was held out today by the weather bureau in a forecast for Sunday, "warmer and fair." This indicates that the cold wave and freezing temperature for tonight and Saturday may have spent tself before the dawn of Easter Sunday.

The Alaskan cold wave brought the temperature at Duluth and St. Paul to two degrees below zero and many snow flurries in other sections.

Violet perfume is the result of a mixture of three or four essences of different flowers before the violet odor is obtained .

Dry wood is approximately one-third water.
